

# New Mexico Centennial

**MISSION:** To plan, facilitate, and promote activities related to New Mexico's Centennial of Statehood in the year 2012.

**VISION:** The New Mexico Centennial will be an inclusive statewide commemoration of one hundred years of statehood, encompassing a diversity of Centennial-themed events, projects and initiatives that will result in both residents and visitors to New Mexico having better access to, deeper understanding of, and broader commitment to the state's rich, multi-cultural heritage. The planning process will help unite New Mexicans in observing the past, and create a shared legacy that can be a source of common strength and inspiration for shaping the state's future.
